Scott's most-used Web sites:

Code

You don't know HTML or CSS yet

You have to use old, deprecated HTML 4.01

How are you going
to set colors?

How are you going
to indent the first paragraph?

How are you going
to center & right-align the paragraphs?

How are you going
to make the footer text small?

Coding

For coding,
I recommend Brackets

brackets.io

When you code,
as soon as you open a tag,
close it

Test your code often
by saving
& loading it in your web browser

Validate your code often
